VITA MILK PLANT

VISIT SUMMARY

BAMS 3rd year students of BMU Ayurveda College went for an educational trip at Vita milk plant Rohtak on 30th December 2021.

The objective was to provide students an insight regarding internal working of Milk plant and opportunity to learn practically through interaction regarding the milk collection, transportation, testing processing and manufacturing of other dairy products. Dr. Poonam Yadav, Dr. Amrit, Dr. Arun Sharma and Dr. Puneet Sharma accompanied students.

To make students aware and have better understanding of the processes the technical instructor started with the description of procurement of Milk.

After The collection of milk in the plant the milk is subjected to various stringent quality tests, these include organoleptic physiochemical and microbiological tests.

The visit was very useful for the students as they could now relate this theoretical knowledge with the practical exposure, which they have gained after visiting this plant. It was a good learning experience for the students.
